GREAT CARPETS WITH GREAT TAILOR MADE FINISHINGS.

We've selected a few finishing options to showcase on this trend report, all of them perfect for every single occasion or need. Highlight your carpet by choosing an unexpected finishing colour or design or make it discrete and quiet by picking the right colour match and elevate the trimming to full camouflage level.

EASY LIVING MADE REAL.

Nothing "screams" home like being able to walk around barefoot: straight from bed and into your outdoor deck. Prioritize comfort and keep things simple (maintenance wise), skip all worries about your carpet getting wet or stained, use your vacuum cleaner indoor or your garden hose outside, you'll be keeping your carpet as good as new for a long time.

BY THE POOL.

You should dive, or at least dip your toes! More glorious sunny days are coming, and your carpet will be prepared for every minute of it.

Enjoy every sensation on the "menu": touch that cold travertine stone with your hands and feel that cosy feeling of having a nice rug under your bare feet. With eyes wide open, see beyond obvious colour combos, go for creative texture partnerships as well. You should enjoy every minute of your day. Your home is the epicentre of the creative "storm" ahead.
